VINEYARD

Paragon Vineyard, Edna Valley

Edna Valley is the coolest growing region in all of California at a mere 5.4 miles from the Pacific Ocean. The ocean's influence creates an unusually long growing season and allows the fruit in these vineyards to ripen to their full flavor while preserving their trademark lively acidity. In short, the Edna Valley is one of the best places for growing pure, vibrant white wine grapes.

TASTING NOTES

The 2020 CRU Albariño is a lovely example of how aging in stainless steel brings out the true essence of this wine. The fermentation enhances the natural fresh fruit characteristics found in Albariño, intensifying the zingy flavors of grapefruit and lemon. Bright acidity is prevalent throughout and beautifully balanced with notes of mango and slate that lead to the lemon-lime finish.

Albariño is a perfect companion to seafood. Try it with fresh or barbequed oysters, clams or mussels in a white wine garlic sauce.
